

GRAS AL0007

Clips for 1/4" intensity microphones

Material: Black POM

Microphone clips 12 mm and 25 mm for side-by-side mounting of a pair of 1/4" intensity microphones.

Introduction

The GRAS AL0007 contains 2 clips both for side-by-side mounting of 1/4" microphones. One clip gives 12 mm spacing and the other gives 25 mm spacing.

The clips are provided with a hole for a 3 mm diameter screw. Alternatively the assembly can be attached to a GRAS RA0096 or AL0013 Tripod adapter by clamping one of the microphones.

This setup is intended for a pair of 1/4" intensity microphones.

Quality & Warranty

GRAS accessories are made of stainless steel, alloys and high-quality composites. These items are covered by a 2 year warranty respecting their intended use.

On consumables like batteries, cables and windscreen we offer a 6 month warranty.

About GRAS Sound & Vibration

GRAS is a worldwide leader in the sound and vibration industry. We develop and manufacture state-of-the-art measurement microphones and related equipment for industries where acoustic measuring accuracy and repeatability are of the utmost importance. This includes applications and solutions for customers within the fields of aerospace, automotive, audiology, consumer electronics and other highly demanding industries. GRAS microphones are designed to live up to the high quality, durability and accuracy that our customers have come to expect, trust and require.

GRAS Sound & Vibration is represented through subsidiaries and distributors in more than 40 countries and is part of Axiometrix Solutions, a leading test solutions provider comprised of globally recognized measurement brands. Read more at www.grasacoustics.com
