GRAS RA0131

Rain-protection cap for 1/2" microphones

The GRAS RA0131 is a rain protection cap for use with 1/2" microphones.

Technology

Introduction

The GRAS RA0131 Rain protection cap fits 1/2" microphones. A microphone protection grid (Al0019) which has a central matching threaded stud is included. The threaded stud is a requirement for mounting the rain-protection cap. Replace the protection grid on the microphone with the one included.

Quality & Warranty

GRAS accessories are made of stainless steel, alloys and high-quality composites. These items are covered by a 2 year warranty respecting their intended use.

On consumables like batteries, cables and windscreen we offer a 6 month warranty.

About GRAS Sound & Vibration

GRAS is a worldwide leader in the sound and vibration industry. We develop and manufacture state-of-the-art measurement microphones and related equipment for industries where acoustic measuring accuracy and repeatability are of the utmost importance. This includes applications and solutions for customers within the fields of aerospace, automotive, audiology, consumer electronics and other highly demanding industries. GRAS microphones are designed to live up to the high quality, durability and accuracy that our customers have come to expect, trust and require.

GRAS Sound & Vibration is represented through subsidiaries and distributors in more than 40 countries and is part of Axiometrix Solutions, a leading test solutions provider comprised of globally recognized measurement brands. Read more at www.grasacoustics.com
